I am sad to leave Nelson because I will miss my host parents very much and my friends I made here. The people here are so very good and if I have a problem they help me very much and don't make me do it by myself. In China people don't help me the same.

The teachers are very good. Everyday Mrs. Martin and Mrs. Kroeker smile at me and help me to speak English. I like my school (LVR) very much and I came here to study and learn English and it makes me so happy. In China when I learn English it is not good as here because here everyday when I learn English I feel up and up. I think other people from Chinese would like to come to Nelson. Everyday is so happy here and I love to go to school and I love to talk to the teacher. Here the teacher is a friend but in China the teacher is not a friend and so it is not happy in Chinese school. Here it is different. Good different.
