

LV Rogers Secondary School
Social Studies 9 Course Outline

Semester 1, Block C

Mr. Marisco

Room 207

Goals and objectives:

Socials 9 focuses on the development of civilization throughout the world, specifically in Europe and North America from 1500 to 1815. The course also focuses on North American First Nations people. The course builds on skills learned in previous years, such as critical thinking, interpretation of documents, map reading, and data analysis. Skills in geographical concepts are also stressed.

Course Outline:

Part 1 Introduction

Geographical concepts and skills, place name review

Part 2 Europe and World Revolutions

Development of Democratic ideas

Growth of Nationalism

English Civil War

American Revolution

French Revolution/Napoleon
