

LEARN.
ENGAGE.
BE INSPIRED.

**For the first time, BC Children's Hospital Research Institute will be coming to the Kootenays!
Join us and explore the newest discoveries and innovations in health research.**

Are you a Kootenays community member interested in uncovering the latest research discoveries in B.C.?

MINI SCIENCE NIGHT

At Mini Science Night, you'll learn about the latest in leading-edge health research.

As a participant, you will:

- Hear from award-winning researchers and health professionals on advancements in their fields
- Explore the diverse careers available in science and medicine
- Connect with members of your community

Thursday, May 4, 2023

6:00 to 7:30 p.m.

Castlegar Public Library
1005 3 Street, Castlegar

Admission is free but space is limited.

Everyone in the community is welcome to register. This includes students, teachers, parents, seniors and local healthcare professionals.

For more information and to register visit:
www.minimedschoolbc.ca

Are you a grade 10-12 student with a passion for science and health research?

MINI MED SCHOOL

At Mini Med School, you'll join researchers for a day of presentations and hands-on activities to explore the newest advances in health research.

As a participant, you will:

- Engage with world-class researchers and health professionals
- Perform hands-on science while investigating the latest medical research happening in B.C.
- Gain a clearer picture of what it means to be a researcher and healthcare professional
- Network with like-minded students from across the Kootenays

Friday, May 5, 2023
