- Adoption of the Agenda

Principal and Vice Principal Report – Ian Cooper

- Citizenship Awards: new initiative by the school that has 5 categories – Leadership, Empathy, Courage, Integrity and Resilience. As noted in his weekly blog/email staff will nominate students in Grades 10-12 each semester. Approximately 2 per staff (30-40 per semester).
- Encouraging new spaces for students to hang out during off times at the school. New benches are being used and moved to different parts of the school to facilitate indoor seating. It's low cost and seems to be helping to make more casual spaces for students.
- Provincial assessment planning starts early. Staff are looking ahead to the upcoming year (into September).
- Foundry Fridays – every second Friday the Foundry will be at the school to support students.
- Looking at doing a school dance between now and the end of the year. No tickets would be at the door, just pre-sale.

Financial / Taryn Stokes:

- provided a bank statement prior to meeting
- Note sent prior to meeting: Grad wasn't able to have a superbowl gaming event due to timing but is still hoping to work with us for a raffle box 50/50. We need the names of two exec to use on the license who cannot purchase tickets (along with immediate family).
